CITY COUNCIL -The regular meeting of the City Council was held last night.
Board of Aldermen.—This Board met at

8:20 o'clcck, with five mimbers present, and auother autsiquenily came ic. A tumber of bills, peti ions, &a., were asted

upon without debate. A recess was then taken to await the ac iou of the Common Council on the Salary til. The recess lasted until 10:25 o'clock, when

the bill was received and read Col. Reid thought that the Finance Committee had made a mistake. There was no fixed basis for the reduction; they varied from cleven to fifty per cent. Such a course, he thought, was a reflection on the gentlemen who were to hold the offices, most affected.

He moved, as a substitute for the whole bill. the salary bill of last year, with a reduction of

Common Council.-The regular meeting of the Common Council last night was thinly at-

tended. After some routing business,

The bill of J. C. Nevert, for election services at the late election, coming in,
Mr. Smoot thought that all these bil's should be presented, audited and paid altogether. The

trouble and cost of having the bilis to 1un through the year would thus be avoided. He introduced a resolution on the salj ch. which will be found in the official proceedings. Os the motion of Mr. Melican the vote of the Salary bill at the last meeting was recon-

Mr. Smoot moved to defer the bill upil the next meeting.

Mr. Latham opposed a postpon meat. Mr. Smoot: Will you vote for it.
Mr. Litham: I will make no promises I'm

not making promises. Mr. Smoot said that a full Board was not

Mr. Latham: I don't want the bill postponed until sometime when I'm not here. I don't want any such dodge.

After a very general discu sion on the ques tions where the power of Council over the salaries begun, &r. The bill was amended so as to fix the salaries

for two years Mr. Evans doubted the right of Council to Ex the silaries of those who under the law as it now stands have been chosen until July, 1880. Mr. Smeet thought the Council would have

the right as to annual offiners to repeal this bill after June, 1880. Mr. W. H. Smith appounced himself is favor of the reduction of salaries, and said that the people wanted it. He would give the May-

or even less than \$300. Mr. Latham moved to strike out \$300 as the Mayer's salary and insert \$500, but there was no secon 1.

Mr. Litham moved to strike out \$800 as the salary of the Autitor and insert \$900. Mr. Latham spoke at length in opposition to

a reduction of salaries, and, Mr. Smoot defended the reductions proposed by the bill, and said that unless there was a material reduction in the expanses of the Cor-Milch Cows-No important change in the feat portain two per cent taxes would not pay the tures of the market. much good. He could only call the attention of the board to the fac's. Even at 3 per cent of interest and the present rate of expenditures there would to a deficit of \$15,000. A reduction to this extent was es sential, and this fill was part of the plan. He knew some property holders who had determined to pay not one cent more in cash if the city's expenses were not reduced, and what

would be the effect if this plan became general. The city would have no money-all that would come icto the treasury wou'd be coupons and then where could the officers get their salaries. Mr. Hankies said be was elected to oppose the reduction of salaries and he could not con-

sept to vote for the bill. Mr. Latham thought the threat of the member of the 21 Ward should be answered. Last meeting he threatened Council for the bondholders. Now he threatens Council with the rich property helders. They would pay no thought the other was monstreut chough, but the monstrosity of this was a thousand fold greater than the other, He opposed re-

duction. Mr. Smith said Mr. Hawkins had misrap-resented the 31 Ward, which was in favor of reduction. He wanted the salary of the clerk of the Common Council reduced to \$250. Now he received ten dollars per night for his services. He oward property and he did not in tend to pay texes except in coupons. He was in favor of retrevehment and cutting down the

salaries all the way through. Mr. Smoot explained that beside keeping the minutes of Council the clerk had to keep the tax books and make out the tex lile. He

hoped that the salary would be allowed to stand. When the question of the salaries of the Col

lectors of taxes was reached Mr. Evans desired to know why the Finance Committee excepted them from the universal

Mr. Smoot explained that their pay was al ready reduced by the firet that under the new assessment they had \$500,000 less of property to collect on this year than last, so that the reduction of their percentage would be about \$200.

The bill was passed at 10.40 p. m. and sent to the Aldermen, and after waiting until the Aldermen passed it also, the Board, effer some routino business adjourned.
